A Word from

Fairfield Volunteer Fire Dept.

We aren't just volunteer firefighters; we are also community leaders, blue collar workers, parents, paramedics, career firefighters and hold many other responsibilities who dedicate countless hours to honing their skills. We train for every imaginable emergency, from infernos to hazardous spills. We are the heroes who pull victims from wreckage, extinguish flames inch by agonizing inch, and ensure our safety when fear runs rampant.

The Fairfield Fire Department isn't just essential; it's a lifeline. A shield that stands between us and devastation. But to maintain that shield, we covet your support.

The Fairfield Fire Department's unwavering commitment could utilize your unwavering support. Imagine the state-of-the-art equipment that could shave seconds off a rescue, the cutting-edge training that could mean the difference between life and loss.

With your help, you can invest in the very tools and resources that safeguard our community. We value the encouragement you give us when you see us in the grocery store, on the street or out in the community. Thank you for supporting our department during our previous fundraisers and those that will come in the future.

We Need Your Help Keep Our Residents Safe From Wild Fires

Every rural fire department must have the ability to mitigate wild fires. SVFD is no exception. We currently have a grass truck that is over 20 years old. Over the last two summers of extreme hot and dry weather this truck has responded to major fires in Freestone, Navarro and Henderson counties. It has been a real challenge to keep the current truck in service. There were several days this past summer where we could not provide the essential fire protection this type of truck provides because of mechanical issues. Our only option at this point is to replace it. Several generous members of our community have already donated a portion of the entire cost of the new truck which is \$57,000. We would prefer to not incur a significant debt to purchase a new truck since we do not typically operate with a lot of capital to cover our essential, routine expenses. If you would consider supporting this project with a donation of any amount it would

be greatly appreciated and will be used to provide an essential service to our community.

If you have any questions or would like more details, you can contact me at (214) 226-2870. Or you may mail a donation to:

The Proud Volunteer Firefighters of Southern Oaks VFD

Southern Oaks Volunteer Fire Department was established in 1989 and currently has 30 active members, 10 administrative personnel, 9 EMRs, 1 EMT, and 1 Paramedic currently providing their skills and time to the department.

There are several members who have been on board for more than 20 years.

Five husband & wives pairs serve as Firefighters and/or EMRs.

The department covers about 90 square miles, nearly the whole south side of Richland Chambers Lake, from Southeast County Road 2350, all the way to FM 488, then right to FM 833, and North on FM 488 to US 287, then both directions to the county lines of Navarro and Anderson Counties.

They recently completed the building of a world class emergency helicopter landing pad at New Hope Church on FM 416. It was built by SOVFD members; from the dirt work, building, steel installation, and all electrical and finishing work (above) left-right: Tom Blake, Jeff Grace, Jerry Grimes, Bill Drozd, Danny Pitts, and Harold Steele). The only aspect that was hired out was the pouring of the concrete. Total cost for this project was \$27,000, funded entirely by community donations. This helipad is used approximately 12-15 times per year.

In July of 2023, the department received a new \$317,000 Brush Truck (right).
